

# 39th Annual San Antonio API/SPE Golf Tournament Quarry Golf Club September 10-11-12, 2010

The San Antonio chapters of the American Petroleum Institute and the Society of Petroleum Engineers proudly invite you to join us for our 39th Annual Golf Tournament to be held at the Quarry Golf Club on September 10th, 11th, & 12th. This event goes to benefit our scholarship funds. We encourage you to consider participating as a Sponsor. The application lists all the various categories. The sponsors are a much appreciated part of our fund raising effort.

The entry fee will include two rounds of golf with carts and entry to the **Friday** night party, which will be held at the Quarry Golf Club. We will be playing the two-man team "quota" scoring system with a 50% adjustment applied to the second round. **The Golf Committee reserves the right to adjust any player's handicap after the first day of play. Sandbaggers will not be tolerated!**

The Tournament field will be limited to the first 288 players who submit a **PAID** Tournament Application. **The tournament application deadline is July 31<sup>st</sup> or when the tournament fills up.** Preference will be given to the "mailed date" of the Platinum & Gold Sponsors, local members of the SPE and the San Antonio API, and out-of-town dues paying members. Each sponsor or applicant must complete the Tournament Application and return it along with the correct fees by July 31st to be considered for registration in the Tournament. Confirmations of entry will be mailed by August 20th after which no refunds will be made. Applications are not transferable.

Those who are **not** playing in the Tournament but wish to attend the party may do so for \$25.00 per person.

There will also be a 4-man Scramble on Friday for an additional cost of \$100.00 per player. The Scramble field for PM play will be limited to the first 144 players, with priority given to the Tournament players. Both AM and PM playtimes are available; check your preferred playtime on the application. Scramble teams will be assigned if no preference is given.
